

CALL2NATURE

THE PROJECT SO FAR

WHAT WE HAVE ACHIEVED

So far, the partnership has participated in two transnational project meetings, one held in Italy and another in Denmark, aimed at meticulously planning the upcoming steps of the project. The partners are now nearing the completion of the first project result - the self-assessment toolkit - while making steady progress on the development of the second result, the manual of disconnected activities.

ON THE WAY TO COMPLETION

In May 2023, the partners celebrated the Call2Nature project's 6-month milestone! Started in November 2022, this ambitious 24-month endeavour remains right on track, with project activities and results developing as planned. Together, we're making a positive impact!

THE 6-MONTH MILESTONE

THE UPCOMING TRAINING

CONNECT WITH NATURE IN XYLOKASTRO, GREECE

From September 25th to 29th, the partners will accompany young people to Xylokastro, Greece, to pilot the disconnected activities designed for the second project result. A 5-day training programme awaits the young participants, offering a unique chance to connect with nature and experience a technology "detox."

DELIVERABLES SINCE THE PREVIOUS NEWSLETTER

CALL2NATURE WEBSITE

the Call2Nature website is up and running in 5 languages, giving you an overview of the project as a whole and inviting you to read the latest news about the partnership's progress. Visit [Call2Nature.com!](https://Call2Nature.com)

CALL2NATURE LEAFLET

a concise document in 5 languages with all the information about the project for a quick read to learn or remind yourself of the project's aims and deliverables. Read it [here!](#)

CALL2NATURE FACEBOOK PAGE

the social media platform for daily communication! Find out what the partners are doing as well as get relevant information about connecting with nature by following us on facebook at [Call2Nature Project!](#)

SECOND MEETING

On the 15th and 16th of June, the Danish partner *Civil Connections*, hosted the second project meeting in Copenhagen, Denmark. The partners met at *Civil Connections'* to participate in a brainstorming session that acted as a preparation for the second project result. They also participated in the review of the overall educational approach that will be used. At the end of this fruitful meeting, the partners were ready to finalise the self-assessment toolkit and continue the development of the disconnected activities for the manual!

WHAT'S NEXT?

Moving forward each partner will issue a call inviting young people to participate in the project's piloting sessions during a 5-day training in Xylocastro, Greece. This is a fantastic opportunity not to be missed - a chance to reconnect with nature and experience the transformative effects of the training. Answer the partners call to participate in the training!
