

As immigration increases in Europe, integration and inclusion are peculiar in European communities to make the lives of migrants and refugees sustainable. To do so, the help of NGOs and associations is necessary to work in parallel with public authorities. Future Target believes it is essential to find, understand, and share issues to improve the situation.

Skype Meeting

The Skype meeting was held due to covid regulations and travel restrictions. On June 12th, 2020, the meeting was held to discuss the project's progress, where all partners updated their activities. During this meeting, the first newsletter was finalized and available for translations. Also, the Greece JSTE was mentioned during the Skype meeting to be completed for the five-day training

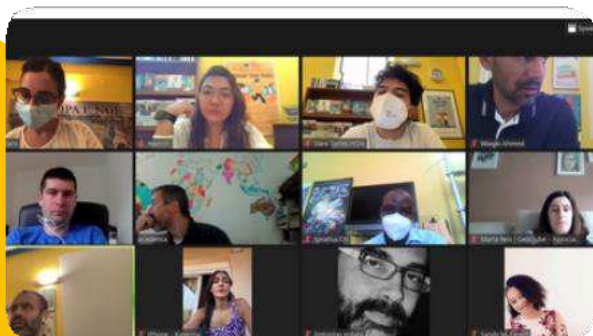

Greece, Larissa - JSTE

In December 2020, an online joint staff training event was organized in Larissa to get an overview of the local state of migrants and refugees in the partner countries. It was a five-day workshop. Meanwhile, staff learnt some voluntary activities for refugees and the good practices developed in Greece for the support of refugees and their families. In particular, the main objectives were:

1. Provision of information on how to use methodologies for analyzing the problems of refugees/migrants and developing targeted solutions.
2. Provision of an opportunity on exchanging experience and expertise in the field of migrants and refugees.

During this event, the participants had the possibility to learn how a hotspot works and which are the activities planned for the first accommodation.

TPM in Italy, Potenza

The Transnational Meeting was held in Italy, Potenza, on 24th and 25th July 2021 to discuss pending activities that need to be finalized/developed. This TPM was held in hybrid mode as some of the partner participants could not travel due to COVID restrictions. Meanwhile, the coordinator mentioned main topics such as the state of arts of the project, dissemination activities, and budget changes to enable all partners to come to a mutual understanding.

TPM in Lund, Sweden

The transnational Meeting for partners was organized in Lund on October 12th, 2021, to discuss trainings in Bonn and Portugal and to get updates on the pending tasks. All the activities were discussed and further plans were shared. During this meeting, partners discussed pending and future mobilities to analyze the budget and readjust where necessary.

Dissemination Conferences

- The Dissemination Conference were conducted in all partner countries at the national level, with the purposes of presenting project results to national stakeholders and policy-makers.
