

DIG IN NEWSLETTER

November

Project Aim

Our project addresses the personal development of NEET, focusing especially on building their motivation for participating in society and contributing to the labour market, increase their confidence as citizens, while enhancing their employability skills using entrepreneurship as an activator for interest and using new ICT based strategies to get in touch with educators and society.

Objectives

DIG IN main objectives are:

- Offer a new outreach strategy that makes use of ICT and new media to increase NGOs and youth associations' ability to reach, engage and motivate NEETs
- Prepare a collaborative learning space where NEETs can create new opportunities for themselves and connect with peers while enhancing their employability and entrepreneurial skills.

Partners

Outputs

- **Digital mentoring for digital natives / digital manual**

This e-guidebook contains information youth workers and educators need to know to support digital natives using innovative digital youth solutions with a particular reference to mentoring and engagement using ICT and new media.

- **DIG IN programme guide**

The document contains the most recent research of the youths' position when it comes to the employment rate across the European Union.

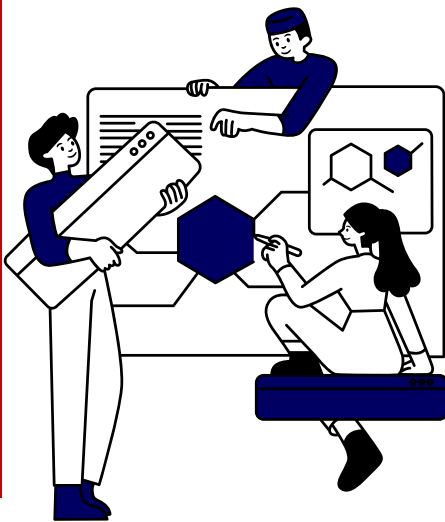

- **Digital Toolbox**

Module 1- Reading Materials and Tools

Module 2- Inventory

Module 3- STEM Workshops

Module 4- Best Practices & Further Recommendations

Piloting

Our colleagues from Καινοτομία Κέντρο Δια Βίου Μάθησης organised the DIG-IN IO2 piloting at their accessible premises in Larissa, Greece!

23 NEETs and 5 educators/mentors participated in person in the piloting session, while KAINOTOMIA's staff organized a preparatory meeting with the educators the week before the piloting implementation. The piloting was based on workshop activities created by the partnership earlier this year on topics around:

- local community
- decision-making
- public speaking
- sustainability & circularity

Piloting

- **DIG IN** piloting in Poland
- We finish piloting in Poland as part of the DIG IN project.
- The aim of the piloting was to ensure that the IO2 Guide and its contents and tools are concretely effective in meeting the demands of learning and guidance of the target groups, ensuring its take-up by other interested learners in partner countries and beyond.

- From March 29 to May 30 , 2022, MVNGO implemented the local piloting phase for the KA2 Youth DIG IN project.
- The piloting phase included the implementation of 3 Local Workshops with an audience of 20 young NEETs to test the educational contents developed in the frame of IO2 " DIG IN Guidebook for educators".
